

AUSTDRIVE II

Youth
defensive
driving
Program

Program Description and Learning Outcomes:

ADI's Youth Road Safety Program is designed to develop preventative driving skills and road safety awareness by aligning techniques to Worlds Best Practice. Our Instructors train and then seamlessly assess each participant to a required standard of compliance to identify competency and capability. This program is most suitable for drivers who are required to travel throughout metro and regional Australia.

Learning Outcomes:

- Understand the importance of safe driving and decision making
- Understand and identify the hazards and risks associated with driving in a range of conditions
- The ability to apply safe driving methods and demonstrate preventative strategies in accordance with Worlds Best Practice and Australian Road Law

Duration: One full day (8.30am – 4.30pm) Exclusivley booked session

**Instructor:
Driver Ratio** 1 Instructor : Up to 3 Participants

**Vehicle
Requirements:** You can use your own vehicle OR a vehicle can be provided for this session at an additional fee of \$200 + gst.

Investment: \$800 + GST

7 Benjamin Street, St Marys SA 5042

Content:

The course will be conducted by licenced instructors (It is compulsory to be licenced by Transport SA to conduct driver training) and is the first of its kind. The outcome is to produce a driver who is more aware of their abilities and can set safe limits while improving their capability to self-assess and therefore, be more aware of the need to continually evaluate their driving standards on all public roads.

Vehicle and Driving Preparation

- Vehicle Checks, Seating, steering, and mirror set up
- Attitude and driver readiness

Roadcraft

- Braking and principles, early, linear, threshold and split surface
- Line and cornering principles, approach, entry, apex, and exit
- Travelling distances, safety buffers, driving to conditions, speed limits low ground clearance, high centre of gravity
- Rural Driving and Wildlife, Adverse conditions
- FAQ Road Law and Hierarchy of giving way

Unsealed surfaces

- Correct gear selection, area of best grip, surface changes
- Suitable speeds for cruising, cornering, and intersections
- Safe positioning, threshold, and emergency braking

Overtaking

- Correct positioning, forward observations & hazards
- Planning for long load, oversize and road trains and discussion of legality of manoeuvres
- Positive overtaking procedures & repositioning

Slow Speed Manoeuvring

- Parking, reversing, driving around carparks and depots

Additional Content

- Journey planning, fatigue management, mobile phone, Alcohol and Drugs, Technology in Vehicles

Assessment:

- Driver Training Needs Analysis (Survey) prior to training
- Pre-training assessment to ascertain the skill gap
- Final assessment of Road Safety Program will include observation of real or simulated processes and procedures, questioning on underpinning knowledge and skills and consideration of evidence of required attitudes

Driver

Requirement:

- Probationary or Full Driver's Licence.
- A qualified supervising driver if the young driver holds a learner's permit.
