

4WD Driver Training

Program Description and Learning Outcomes:

ADI's 4WD Driver Training Program is designed to develop preventative 4WD skills and road safety awareness by aligning techniques to Worlds Best Practice. Our Instructors train and then seamlessly assess each participant to a required standard of compliance with a client's company driving and motor vehicle policies to identify competency and capability. This program is most suitable for corporate and professional drivers who are required to travel throughout metro and regional Australia whilst operating a 4WD for work purposes.

Learning Outcomes:

- Understand the importance of driving a 4WD vehicle safely at work.
- Know the hazards and risks associated with driving a 4WD vehicle in remote and off road conditions.
- The ability to apply safe driving methods in accordance with Worlds Best Practice and Australian Road Law.

Duration: One full day (7.00am - 5.30pm)

Vehicle Requirements: One registered and road worthy vehicle is required for the day.

**Instructor:
Driver Ratio** 1: Up to 3 Participants

7 Benjamin Street, St Marys SA 5042

Content:

Defensive Driving

- Seating, steering, mirrors
- Travelling distances, safety buffers, driving to conditions, speed limits
- Low ground clearance, high centre of gravity
- Braking; early, linear, threshold and split surface
- Line and cornering principles, entry speeds and corner balance
- Correct gears, load shift

4WD skills

- Rough terrain, ascending and descending, sand and mud (when conditions allow), emergency procedures, environment and sustainability

Unsealed surfaces

- Correct gear selection, area of best grip, surface changes
- Suitable speeds for cruising, cornering and intersections
- Safe positioning, threshold and emergency braking

Overtaking

- Correct positioning, forward observations & hazards

Workplace Policies

- Journey management, fatigue management, mobile phone, BAC

Trailer (Optional Extra \$)

- Hitching and Unhitching
- Trailer balance and loading
- Securing a load

Assessment:

- Driver Training Needs Analysis (Survey) prior to training
- Pre-training assessment to ascertain the skill gap
- Final assessment will include observation of real or simulated work processes and procedures, questioning on underpinning knowledge and skills and consideration of evidence of required attitudes

Driver Requirement:

- Probationary or Full Driver Licence.
- Strictly no Learners.
- Must be able to drive a vehicle in accordance with the conditions of holding an Australian drivers' licence.

Investment:

- \$990 + GST per session (up to 3 participants)
- \$200 + GST per vehicle supply if required
